Claims 9-18 have been canceled as being directed to non-elected claims based on the restriction requirement made in the parent application 10/059679.

The following is an examiner's statement of reasons for allowance: the prior art does not teach or suggest the apparatus of Claim 1, in particular a water supply system comprising a housing that has an enlarged portion and a reduced portion, a pressure tank mounted within the enlarged portion of the housing and a conduit adapted to be connected to a pumping system within a well casing extending through the reduced portion bottom surface.
